What you will learn:
***HOW TO MAKE CANDLES & COSMETIC**

STEAM Studios

During the STEAM Studio's product design program, teens learn and apply the Design Thinking process to YEI Social Enterprises and Community Projects. Studios Classes are offered at during fall & spring and include the following tracks:

1. BizBeauty - cosmetic & candle making activities.
2. BizTee -pro-bono apparel making, for deserving local nonprofits and schools.
3. BizMake -laser cutting, 3d printing, website development and prototyping.
4. BizGrow -nutrition, community garden, agriculture and food science.
5. BizKits- help design and create "businesses-in-boxes," and "STEM kits" designed for children ages 8-12.

The goal of the studio classes and projects are to introduce youth to technical **STE(a)M skills** through the **design thinking process** while helping them build tools for **advocacy** and **civic engagement** in their **communities**.
